Shock of Guns Kill Chickens.

Norfolk, Va., Oct. 3.—According to the reports from Cape Charles and other sections of the eastern shore, about half the chickens on that side of the bay were killed during the recent bombardment of the battleship San Marcos by the battleship Delaware and other warships. Seventy thousand chickens is the total number of those estimated to have been killed as a result of shock following the discharge of the big 12-inch guns on the warships.

THE BOY SCOUT MOVEMENT

PROF. LILLY WILL ORGANIZE BOYS SATURDAY—WILL MEET PARENTS SUNDAY.

A number of friends to the Boy Scout movement held a meeting at the city hall last evening to discuss the matter of organizing the boys of Ada. Prof. Lilly gave an outline of the history of the movement, its purpose and results. All present expressed a wish to see an organization launched at once, and Prof. Lilly agreed to call the boys together at the normal Saturday afternoon at 4 o'clock to organize.

In order that others may have a full opportunity to inform themselves on this popular movement, it was decided to meet again Sunday afternoon at 3:30 at which time Prof. Lilly will go over the whole matter and fully explain the details of the work in hand. A full attendance of all parents is urged.

The Imperial Valley of Arizona filled a train the other day with cantaloupes. There were 130 cars, which measured nearly one and a half miles in length. The number of melons was \$1,000,000. It was the largest shipment the world has ever seen.

OCCUPATION TAX A HARD PROBLEM

COUNCIL WRESTLES WITH IT AND FINALLY POSTPONES ACTION.

It had been generally expected that the council would take some action in regard to the hog ordinance muddle last evening, and the matter was mentioned during the session, but it was not in tangible form to take up at the time.

After passing the ordinances annexing Concrete addition and regulating the storage of oils in the city limits, appointing Ebey, Ratliff and Wymore as a special committee to confer with parties who desire to lease the city reservoir ten years at the rate of \$100 per year, and referring the petition for a special election on the purchase of the proposed park site on the east side, the council took up the much vexed occupation tax ordinance. The committee had worked hard on the ordinance, and had prepared a schedule of rates to be assessed against the various lines of business, promising to apply the proceeds of the levy towards sanitation. From the first it developed that the ordinance would have rough sledding. On behalf of the retail merchants' association, A. H. Burgess entered a vigorous protest against any further taxation. Alderman Ratliff also stated that he was opposed to the principle of occupation taxes on legitimate business enterprises.

It was agreed to take up the ordinance item by item, but when at the very beginning the schedule applying to merchants was called, Ebey moved that it be deferred. Wymore seconded the motion, and it carried. Ellison thought that since that was the largest item in the measure, if it were deferred all the remainder should be disposed of the same way, but his motion lost by a vote of 3 to 2. Wymore moved that the tax on private boarding houses be stricken out. Lasater seconded the motion and it finally prevailed. The aldermen evidently becoming worse at sea as the matter progressed, adopted a motion by Wymore that the vote be reconsidered and the whole thing postponed until a further meeting.

The council finally adjourned to meet again Wednesday afternoon at 4:30.

ADMIRAL SCHLEY FALLS DEAD IN NEW YORK

New York, Sept. 2.—Unrecognized by a single person in the curious throng that rushed to his aid, Rear Admiral Winfield Scott Schley, U. S. N., retired, fell dead in front of the Berkeley Lyceum on West Forty-Fourth street this afternoon.

The death of this notable figure in the naval history of the nation was for the moment that of an unknown man in a strange crowd.

Cerebral Hemorrhage.

The Admiral's sudden death is attributed to cerebral hemorrhage, which attacked him shortly after he, with Mrs. Schley, reached New York this morning from Mount Kisco and had called at the New York Yacht Club for his mail.

As the Admiral was walking through West Forty-Fourth street, a passer-by who saw him stagger grasped his arm and tried to support him. Despite the stranger's service, however, the admiral fell helpless to the street and a physician, who pressed his way through the crowd that quickly gathered, pronounced him dead.

Identity Established.

There was a gash over his right eye where his forehead had struck the sidewalk. A slight fracture of the frontal bone had ensued, but surgeons, who examined the body, expressed disbelief that this injury in any way contributed to his death.

His identity was quickly established by letters and papers found in his pockets and from an inscription in his gold watch which had been presented to the Admiral by his native state of Maryland "for his heroism and memorable services in rescuing Lieut. A. W. Greeley U. S. A., and six comrades from death at Cape Sa-

bine, in the Arctic region on June 22, 1884."

Burial in Washington.

Arrangements for Admiral Schley's funeral were completed tonight. It was announced that the admiral's body would be taken to Washington and services would be held at his late home in the national capital. The burial will be in Arlington cemetery.

His grave will be in front of the historic Lee Mansion, close to the lot assigned to Admiral Dewey and members of his Asiatic fleet. It overlooks the Potomac.

A Potato Carnival.

Spokane, Wash., Oct. 3.—Residents of Waterville, seat of Douglas county, Wash., 170 miles west of Spokane, determined to give the humble tuber its proper place in the world's agricultural products, have decided upon a potato carnival for the latter part of October or early in November, when growers from all parts of the country will be invited to exhibit specimens of the starchy vegetable. Substantial cash prizes and premiums will be offered for displays. A citizens' committee has raised a fund to defray the expense of the carnival, and no charge will be made for entries or display space. It is announced that awards will be made by competent judges for the best display by a single grower, for the largest number of varieties, for the largest acre yield, for the potato best adapted to the elevation of Waterville, which is 2,600 feet above sea level, and for the potato best adapted to the Columbia river level. One of the interesting features in connection with the exposition will be the choosing of a queen for the carnival.

STATE TAX TWO MILLS

Oklahoma City, Ok., Oct. 2.—The state tax levy for 1911 is one and three-quarter mills, and one-fourth mill additional is levied for common school purposes, making the total for this year two mills as against one and one-quarter mills last year. This year's total assessed valuation reaches \$1,323,569,948. The levy made by the State Board of Equalization today provides only for the current expenses of the state government, or those appropriations made by the last legislature for the year. The total to be gathered is \$3,098,000 of which \$775,000, it is estimated, will come from special taxes, leaving \$2,323,250 to be raised by direct taxation, and this is covered by the one and three-quarter mills levy. The common school portion will amount to a little over \$330,000.

The state owes, in addition to the foregoing, as shown by current warrants, between two and a half and three million dollars, which the board did not attempt to provide for, but recommended in a resolution that the legislature either submit a proposed bond issue to a vote of the people or the people, through the initiative, approve bonds to take up the deficiency. The low tax rate of form-

er years, as well as an overestimate of the amount of taxes to be received, is assigned as a reason for the big debt, although an official statement to that effect was not made. Gov. Cruce, who is chairman of the state board, will issue a statement, he says, tomorrow or next day, showing the people just where the state stands in dollars and cents, and it is understood the fact that the present administration inherited the condition is to be prominently brought out.

It was brought before the board as a legal point whether the board had authority to levy for only a portion of the debt, or that the law contemplated every phase of current indebted-

it is not likely to be if the Turks do not oppose the landing of the Italians.

It is now claimed from the Turkish side that Prevesa, in European Turkey, is not occupied. Italy's announcement that she has no intention to carry the war into European Turkey will do much to allay apprehension over the Balkan or other complications.

Turkey's ministerial difficulties have not been solved, but generally the situation looks more hopeful.

THE HARRINGTON STOCK COMPANY

Again last night was the old story repeated—a packed tent to witness the first performance for the third time this season of the Harrington Stock Co. and a fine show it was with the comedy drama. The Messenger Boy for the vehicle. Miss Beatrice Harrington as Roxey, the same natural, winsome actress as the last time, dressed as the gamine of the streets in the first act and then as the millionaire's niece, the belle of society she carried the audience with her to the finish. Little Millie Harrington was a surprise too as the newsboy. Two-penny she not only looked the street urchin but lived the part true to life. There is a great future for Millie for she certainly has the ability to faithfully enact any part that she attempts. Ernest Harrington as "Grit" the newsboy and afterward the Messenger Boy and later as the Baron von Bache was natural and pleasing. He is in fact always a favorite. The supporting company were all good in their respective roles. The specialties were also new. edness should be included. As it rests if there is a citizen feeling the law has not been complied with, the statement is, he may appeal to the courts for a mandamus to compel the board to either embrace all of the indebtedness or levy the limit rate, three and a half mills. This, however, applies to the full valuation would not wipe the slate clean, and under the condition of affairs in Oklahoma the members did not feel justified in reaching the constitutional limit.

ITALIAN-TURKISH LATE WAR NEWS

Malta, Oct. 2.—Word just received from Tripoli says that the Turks and Arabs are entrenching both sides of the city. Fifty thousand Arabs, said to be armed with Mausers, hold a strong position fifty miles behind the town in a country which is an excellent natural stronghold. An advance guard is stationed 20 miles from Tripoli.

Peace in Sight.

London, Oct. 2.—From present appearances the Turco-Italian war promises to be the shortest and most bloodless war in history. Thus far its distinguishing character has been the absence of fighting, and with Germany acting as peace maker it may be ended before real fighting occurs. It is concluded that no mediation will be accepted by Italy until she has accomplished the military occupation of the Tripolitan coast. After that negotiations will be much easier and it is unlikely to be successful if Turkey is imbued with letting Italy establish herself in Tripoli.

Various reports continue to be of a meager sort. Tripoli has not been bombarded and

THE GRANDFATHER AMEND- MENT IN DANGER.

The federal judge before whom the
election inspectors charged with con-
spiracy because they enforced the
grandfather clause at last election,
assessed a fine of \$100 and a year in
jail, the jury having passed the mat-
ter of penalty up to him. Of course
the two cases will be appealed, and
the matter will be thrashed out to the
bitter end. This is one of the most
important cases coming before the
courts of the land since the Civil
war, involving, as it does, the rights
of states to manage their own affairs
without interference from the na-
tional government. Furthermore,
when the cases reach the supreme
court, perhaps a decision may finally
be had on the legality of the four-
teenth and fifteenth amendments,
which made citizens and voters of the
negroes.

However, there is no question about
this decision having an influence in
some localities on the election of
next year. Inspectors will be afraid
to enforce the grandfather law on the
negro voters, and in a close district
like J. S. Davenport's, the chances
are that the republicans will elect
a congressman. It may yet be neces-
sary to call the legislature together
to change the date of holding the
state election. If state officers are
elected at a time other than when
congressmen are chosen, the grand-
father clause can be enforced that
far, no matter whether it can be
made to apply to congressmen or not.

The farmers of the county will be
given preference in the employment
of labor. Tulsa county believes in do-
ing a good job of road making while
about it, to build roads that will last
for all time, in fact. Furthermore,
those people have the right idea in
employing home labor, thus spend-
ing the money with those who must
eventually pay the bonds. A good sug-
gestion for Pontotoc county.

THEY INJURE CHILDREN.

Cathartics and Pills and Harsh Phys-
ics May Cause Distressing
Complaints.

You cannot be over-careful in the
selection of medicine for children.
Only the very gentlest of bowel me-
dicines should be given. Ordinary
pills, cathartics, and purgatives are
too apt to do more harm than good.
They sometimes cause griping, nau-
sea, and distressing after-effects, and
may actually injure the health, thus
establishing a life-lasting annoyance.

We personally recommend and
guarantee Rexall Orderlies as a safe
and dependable remedy for constipa-
tion and associate bowel disorders.
We have such faith in the virtues of
this remedy that we sell it on our
guarantee of money back in every in-
stance where it fails to give entire
satisfaction, and we urge all in need
of such medicine to try it at our risk.

Rexall Orderlies are eaten just like
candy, are particularly prompt and
agreeable in action, may be taken at
any time, day or night; do not cause
diarrhoea, nausea, griping, excessive
looseness, or other undesirable ef-
fects. They have a very mild, but
positive action upon the organs with
which they come in contact, appar-
ently acting as a regulative tonic up-
on the relaxed muscular coat of the
bowel, thus overcoming weakness,
and aiding to restore the bowels to
more vigorous and healthy activity.

Rexall Orderlies not only relieve
constipation, but help to remove the
cause of the ailment. They also fre-
quently overcome the necessity of
constantly taking laxatives to keep
the bowels in normal condition.

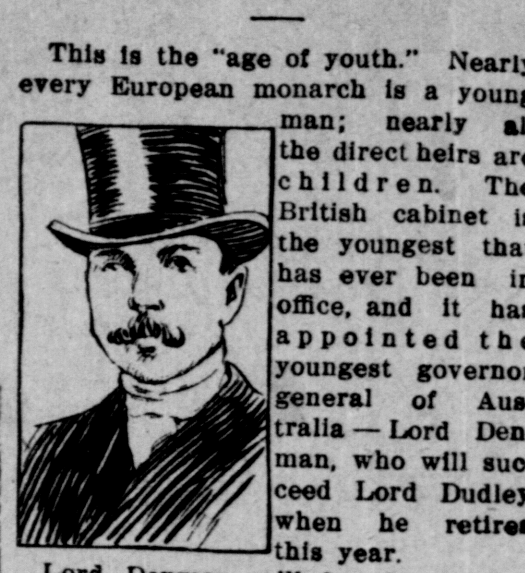

There is really, in our opinion, no
similar medicine so good as Rexall
Orderlies for the purpose to which it
is directed, especially for children,
aged and delicate persons. They are
prepared in tablet form and in two
sizes of packages: 12 tablets, 10c; 36
tablets, 25c, and 80 tablets, 50c. Re-
member, you can obtain Rexall Rem-
edies in this community only at our
store—The Rexall Store, Gwin &

AUSTRALIA'S GOVERNOR IS ONLY 37 YEARS OLD

This is the "age of youth." Nearly
every European monarch is a young
man; nearly all the direct heirs are
children. The British cabinet is
the youngest that has ever been in
office, and it has appointed the
youngest governor general of Aus-
tralia—Lord Denman, who will suc-
ceed Lord Dudley when he retires
this year.

Lord Denman will be thirty-seven
this year, and already he has seen
and done a lot. Quite early in life
he made up his mind to be a soldier,
and his opportunity came sooner than
it does for most men, for not long
after he left the military college at
Sandhurst the South African war
broke out and he served as captain of
the Middlesex squadron of the Im-
perial yeomanry and saw much ser-
vice, finally being invalided home after
a wound received in a skirmish. When
he was struck by the bullet he turned
to his junior officer and said: "Lieut-
enant, take charge of the squadron;"
then turned his horse and rode slowly
to the rear. He was immensely popu-
lar with his soldiers and noted for
the attention he paid to their com-
fort. On one occasion, after a long
and trying march in the rain, he
distributed six bottles of whisky
which he had, among them.

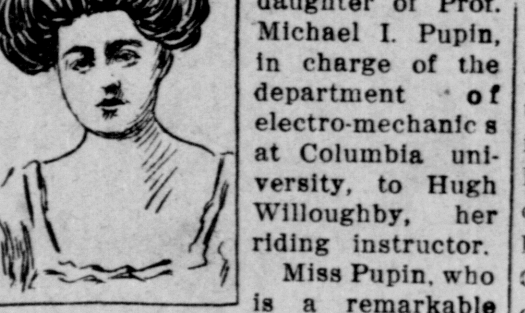

Though the title was created as far
back as 1834, he is only the third
holder, having succeeded his great-
uncle, who lived to an immense age.
This old gentleman was a well known
figure in the house of lords and noted
for his persistence in promoting little
bills of his own, of which no one took
the slightest notice—one of them, by
the way, to give votes to women. His
bills were invariably postponed for
their second reading in six months'
time, which is the house's technical
way of shelving it, the date almost
invariably occurring in the recess.

Besides being a keen soldier, Lord
Denman is a man of strong political
opinions, and as he has great ambi-
tions he is likely to be heard more
of later on. He is a Liberal, and
when that party came into power re-
ceived his first appointment as lord-
in-waiting to the late king. He has
also acted as deputy speaker and while
in the house of lords. His last ap-
pointment was that of captain of the
corps of gentlemen-at-arms, the fa-
mous royal bodyguard which cele-
brated its four hundredth anniversary
last year.

Lord Denman is peculiarly well fit-
ted for the post of governor general
of Australia.

Lady Denman, too, will be a great
help to her husband, for she is as
ambitious as he, a splendid hostess
and possesses that tact and charm
of manner which are so necessary in
the position which she will hold.

WOMAN WEDDED IN SECRET TO HER RIDING TEACHER

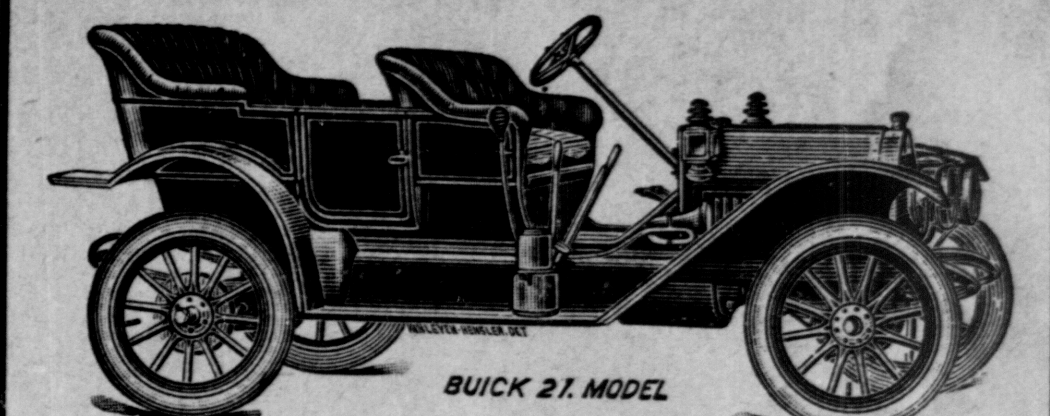

A romance of but a few months'
duration was culminated, so far as
courtship goes, in the recent mar-
riage of Miss Varvara I. Pupin,
daughter of Prof. Michael I. Pupin,
in charge of the department of
electro-mechanics at Columbia uni-
versity, to Hugh Willoughby, her
riding instructor.

Miss Pupin, who is a remarkable
beautiful Hungarian girl of twenty-
one and prominent in exclusive New
York society circles, is fond of horse-
back riding and, a brief time ago,
upon coming into possession of a
large fortune, went to the stables of
a New York firm and picked out sev-
eral fine saddle horses. Although a
graceful and expert rider, she wished
some special instruction and the
manager of the concern arranged to
give her lessons.

A native of Lexington, Ky., in that
land of splendid horsemanship, Mr.
Willoughby was known as a superb
rider. He is of splendid build, pos-
sesses the frank and cordial manner
of the south and is perfectly "at
home" under any and all circum-
stances. It was almost love at first
sight in the case of the Kentuckian
and the society girl and it has been
an open secret for some time that
they have been devoted to each other.
Professor Pupin did not approve of
the attachment in the least and so,
knowing that to ask his consent to
their marriage was useless, the couple
went from Professor Pupin's summer
home at Norfolk, Conn., to Hoboken
and were wedded by a justice. They
left at once for Springfield, Mass.,
where a horse show was in progress
and will go to Lexington. Mr. Wil-
loughby has resigned his position
with the New York firm and will go
into business on his own account.

This romantic affair in some of
its phases is not unlike the case of
Mrs. Burke-Roche and the horseman,
Batonyi, details of whose marriage
and subsequent divorce filled columns
of the papers at different intervals
not long ago. Friends of Mrs. Wil-
loughby hope that her marriage will
lack the stormy features which
marked that of Frank Work's un-
lucky daughter.

AUTOMOBILE to be GIVEN AWAY

I have decided to give away a Buick Model 27 Touring Car.
This model has a low drop frame, ample room for five passen-
gers, and is unusually easy of access by running boards and
wide doors; is one of the best cars made and sells for \$1150.00.
This machine will be on exhibition with W. K. Chaney in 30
days.

ONE CONVICTION, ONE PLEA OF GUILTY

Newt McClure, who was tried in county court yesterday afternoon was given a fine of \$10.

This morning when court met, not a case was ready for trial. Judge Barton promptly forfeited the bonds of John Johnson and Nelson Bruner, who had been held on a pistol toting charge.

A forfeiture was ordered in three liquor cases against Bob Steelman of Francis. Later, however, Steelman put in his appearance, entered a plea of guilty in one case in which he was given \$50 and 30 days, and the other two were dismissed on payments of costs.

Not feeling disposed to drag along and do nothing, the judge then adjourned court until Thursday morning, when it is expected everything will be ready for a quick determination.

CHIEF HOUNSHELL ANSWERS RATLIFF

In answer to Mr. Ratliff's article in yesterday's News, will say he is right as to the enforcement of all laws, but his idea is wrong as to how to enforce them. You can't over work any one and then expect him to do more. I am against the hog ordinance being repealed and am ready to enforce every ordinance in the ordinance book but Mr. Ratliff must place the blame where it belongs. We have an ordinance on record, known as ordinance 204. Section 3 of this ordinance reads as follows: "That in addition to the above authority and duties one of said assistant policemen provided for by this ordinance shall be known as a special sanitary officer and shall be under the direct supervision of the mayor and marshal, or chief of police, whose duties in addition to those set out above, shall be such as may be directed by the mayor, or chief of police or either of them in enforcing the sanitary laws of the city."

Now after the instructions mentioned by Mr. Ratliff and given me in the spring, having all the work I could possibly do alone, and seeing the council was not going to give me this sanitary officer. I moved to the Dan Hays addition of the town. Having a bunch of corn on hand, I then bought

Make Your Store Advertising as Much a Fixed Feature of Every Issue of This Newspaper as Is Our Editorial Page

A "feature," or department, of a newspaper wins its readers a few at a time.

Out of thousands who "scan" and "glance at" a store's advertising in this issue, a few hundred will read ALL OF THAT STORE'S ADVERTISEMENT IN THE NEXT ISSUE. But, if that store's advertising does not APPEAR IN THE NEXT ISSUE, this process of winning regular readers is broken up.

It would be so with our Editorial Page. If it did not appear REGULARLY, it would forfeit the interest and attention of MOST OF ITS READERS. And the same would be true of our Local Page, and of other feature of the paper, which build up their circles of readers surely and steadily, issue by issue.

A store's advertising gets to be MOST EFFECTIVE after it has become a REGULAR FEATURE of the paper, gaining with EVERY ISSUE new "regular readers," AND HOLDING THOSE GAINED by making the store news really important to them.

This Is the Law and "Secret" of Store-Advertising Success-- ALL OF IT!

Knights Templar Will Consolidate.

Guthrie, Ok., Oct. 2.—The consolidation of the Knights Templar commanderies of old Oklahoma and Indian Territories, this week, will be the last of the old Territorial Masonic organizations to merge, all others having completed consolidation during the past three years according to Dr. John R. Hamill of Guthrie, grand commander of the Oklahoma commandery at the present time. The grand commander of the Indian Territory order is Ira McNair of Ada. The two organizations will meet separately in Oklahoma City next Friday, Oct. 6, and the merger proceedings will then take place, with the grand master of the grand encampment, U. S. A., presiding—William B. Melish of Cincinnati. The parade will be a feature, each territory lining up behind its grand commander, marching thus in two ranks, preceded by the National commander, a band of music, and Capt. Gen. Orin Ashton of Oklahoma City as marshal of the day. A place in the line will be reserved for the two oldest living grand commanders of the two Territories if they are present. Former Gov. Barnes of Guthrie is the oldest of the Oklahoma commandery.

TWO CHILDREN BURNED

TO DEATH AT HUGO

Hugo, Okla., Oct. 2.—Two children of Mr. and Mrs. Jim Garrison, one an infant three months old and the other a boy aged 6 years, were burned to death and their home on Laurel Heights was today destroyed by fire. Mrs. Garrison was across the street at the home of her parents, Mr. and Mrs. Sam Adams, and left the little children at home.

About 9 o'clock Mrs. Garrison heard an explosion in her house and in a moment her little boy ran into the street screaming and his clothing in flames. The mother ran to the aid of her child, but before she could extinguish the flames the little boy had received burns that caused his death at 4 o'clock this afternoon.

The frantic mother was so eager to save her boy from fatal burns that she did not notice that her house was on fire and when she did observe the raging flames the fire and gained such headway that the house and contents were totally destroyed and her little three-months-old baby was incinerated in its crib.

The fire originated from the explosion of a can of oil or gasoline, which the little boy is supposed to have touched off with a match.

SAYS PARDON PETITION

WAS A FORGERY

Oklahoma City, Oct. 3.—That all papers in the case of the pardoning of W. R. Holt, convicted of defrauding a Wetumka bank and who was pardoned by Acting Governor McAlester, will be shown to be forgeries, is the claim of Luther Harrison, editor of the Wetumka Gazette, and who presented the case to Governor Cruce Monday morning. Holt was convicted last March and sentenced to serve three years in the penitentiary.

The showing made to Governor Cruce is that the original petition for Holt's pardon contained what purports to be the names of the jury who tried him. According to a certified statement which was presented to the governor and which also contains the true list of the jury, the two lists do not correspond in any instance. In fact, not one of the men whose names appear on the list submitted to Acting Governor McAlester lives in the county. On the petition also appears the names of J. H. Kennedy and H. H. Holman, bankers of Wetumka. They declare they did not sign any such petition. Also the names of the judge who tried Holt and the county attorney appear on the petition for his pardon. Both deny they signed any petition.

Governor Cruce did not say what would be done with the matter, but a hearing will be given on it, and it is likely that if the papers are shown to be forgeries, which it is claimed can easily be done, the pardon will be revoked. It is said that Holt is gone.

TRANS-CONTINENTAL MAIL

LINE BY AEROPLANE

Washington, Oct. 3.—Transportation of United States mail across the continent by aeroplane, over an officially designed route by a special messenger appointed by Post Master General Hitchcock, will be undertaken this week. Ovington, the recent Nassua, L. I. meet famous aviator is completing preparations for the long trip from New York to Los Angeles in his airship.

Postmaster General Hitchcock issued an order Monday authorizing Ovington to act as a mail carrier and directing the postmaster at New York to dispatch letters via the aeroplane route. Official sanction from the postoffice department not only was given to the undertaking, but a special mail messenger route was established by the department. Officially it is numbered "Route 607,001." It is the longest main messenger route ever established.

A special mail pouch has been made for Ovington. It will contain letters for Chicago as well as for delivery in Los Angeles.

The aeroplane will carry a small sign bearing the words: "United States Mail." No date for the beginning of the flight yet has been announced, but Ovington has assured the postoffice department that he will start from New York within a day or two.

Murray county has received quite a lot of bad advertising as a result of the court house scrap and other disagreements between the two sections of Sulphur, the county seat. Taxpayers in other parts of the county are becoming disgusted with the factional fight at Sulphur, and not caring a cuss about either side, are beginning to agitate a movement for the abolition of the county, the territory now embraced within its limits being given to those adjoining. It would be something of a joke on those scrapers at Sulphur if something of the kind were done. The county was created for their special benefit in order that Sulphur might be a county seat, and now that their scrap has become so bitter, it is not surprising that the taxpayers are beginning to growl. In case the plan is carried out, Pontotoc county will come in for a nice slice of territory which would make its general shape much better, and the people in the part taken in would be about as convenient to the county seat as they now are.

AN ERROR CORRECTED.

In yesterday's paper it was stated that a certain affray of Saturday night had taken place at the Pontotoc cafe. Mr. Cardwell the proprietor of the cafe, states that this was an error, his cafe not even being open at that hour. The affair occurred elsewhere.

The News deeply regrets that it was misinformed in the first place, for it certainly had no intention of doing anyone the least injury in its columns, and hastens to apologize to Mr. Cardwell.

S.S.S. CURES BLOOD POISON

Contagious Blood Poison manifests itself in the most loathsome symptoms, such as ulcerated mouth and throat, copper-colored spots, and even sores and ulcers on different portions of the body. The poison causes the hair to fall out, and sometimes the glandular system is attacked. No medicine can cure Contagious Blood Poison which does not rid the circulation of every particle of the insidious virus. The least taint left in the blood will break out afresh when treatment is left off. S.S.S. is the real and certain cure for Contagious Blood Poison; it goes into the circulation, and by removing every particle of the poison, and adding, rich, healthy qualities to the blood, forever cures this powerful disorder. All who suffer with this disease may cure themselves in the privacy of their homes by using S.S.S. and following instructions contained in our Home Treatment Book, which we will send, together with any medical advice desired, free of charge. S.S.S. is for sale at drug stores.

Triple Tragedy at Oklahoma City.

Oklahoma City, Ok., Oct. 3.—Crazed with anger because his wife had left him and refused to return, Jack House, a young laborer of this city, killed his wife, Marguerite House, and an acquaintance of hers, Jack Patton, at Pottawatomie and Harvey avenues, at 8:15 Monday night, then turning his 45 Colt's revolver on himself placed a bullet in his own heart.

Mrs. Jessie Hays, of 34 East Grand avenue, and her brother-in-law, Sam Hays, were in the party, but neither of them was injured.

According to Mrs. Hays, Mrs. House had been working for her at her rooming house for several months at \$5 a week. Before that she had worked for a Mrs. Ashburn at 415 West Chickasaw avenue for ten months, support-

ing herself and husband and receiving but fifty cents in cash. House would not work, and his wife left him, although Mrs. Hays says she gave him \$25 after coming to work for her, and had saved up \$70 in addition to that.
